

February 2, 2010

Intel is pleased to provide this design for a support bracket for the PCIe\* Gen 3 Characterization Board (*PCIe\* Gen 3 Connector High Speed Connector Evaluation Board (CEB) Reference Design – 325029-001*). This bracket can also be used with any Intel connector characterization board.

**Please Note:**

**This design is used strictly to help in the characterization of PCIe\* Gen 3 connectors, and is provided to the user as-is. It is intended to be used with the Intel design “PCIe\* Gen 3 Connector High Speed Connector Evaluation Board (CEB) Reference Design” (Number 325029-001). There is no training or support available for this design, and no updates or improvements are scheduled or guaranteed. Intel® Corporation assumes no liability for the improper use of this design.**
